

Mr. Beral Madra  
Kadirga  
Turkey

Barcelona, September 3rd 2010

Dear Mr. Madra,

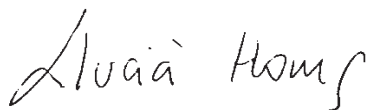

LA FABRICA, a cultural management company based in Barcelona, is organizing an annual multidisciplinary contemporary culture festival, **EUROPES**, that aims to bring contemporary creations from all over Europe to the capital of Catalonia during three weeks. **EUROPES** will be held from the 21st of October to the 14th of November with a program that holds activities embracing the plastic and visual arts, performing arts, music, cinema, literature, gastronomy, architecture, fashion and design.

In the framework of **EUROPES** we are launching **CONGRESOEUROPES**, a three-day symposium from the **10th to the 12th of November**, which goal is to activate the relationship between European Centers and Production Platforms that work with plastic arts, visual and performing arts. The event will serve as a meeting point to analyse, study, and have a critical exchange of views, expectations, interests and professional networking.

We would like to invite you to the Congress to take part as a speaker in a roundtable panel titled **The Cross-european** to debate and analyse together with other leading international experts the actual situation and future possibilities. Along with the 5 discussion panels, that will take place during the Congress, we invite to 4 guided tours to meet recognized cultural centers in Barcelona.

In return for your participation in the roundtable, **CONGRESOEUROPES**, will pay you you a fee and will cover your travel and accomodation expenses. We do hope this proposal interests you and that you can confirm us your participation.

Yours sincerely,

Lluçia Homs  
La Fabrica Barcelona Director

Alex Brahim  
Curator **CONGRESOEUROPES**
